Thank you for choosing UP. Many of you achieved high Matric scores And also welcome all students and admission candidates to SIU's realisation of its mission, vision, guidelines and student policies.

The pathway of human possibility for students, as they create and recreate their lives, make this an exciting time for SIU, and especially see them achieve their studies which is the main reason why we have a graduation today. I thank all the teachers, parents, guardians and all those that supported these students up to this level, you played a great role alongside the SIU team.

Convocation is a day of well-deserved celebration. For students, it signifies the completion of years of hard work but also the beginning of an exciting new chapter in their lives. For families, we believed in freedom of academics that stimulates the personal and professional growth of a student. We invested on our commitments, transparency and strengths. We trust in students' undiscovered abilities, and explore, to introduce students themselves. Our commitment is to create leaders who are transparent to the society, and strong enough to accommodate the emerging challenges of the twenty-first century.

As the Board we shall keep on to support the SIU Vice Chancellor and his administration as they continue to pass on knowledge and skills, and provide information for prospective and enrolled student of SIU, and assist them in becoming an active participant in the SIU community. In addition to the emphasis of excellence in teaching, we recognize the environment in Somalia as both source and inspiration of academic life.

We believe that SIU's best interests are endowed in these graduates as they start their interface with the globe.

I congratulate the graduating students – and also their parents and guardians – on this happy occasion, and wish them the very best. We look forward to welcoming them back from time to time as alumni, potential faculty and recruiters, but most of all, as friends of Somali International University.

Message from the Dean Faculty of Arts & Social Sciences

As the Dean Faculty of Arts and Social Sciences, I extend a sincere congratulations and best of luck to the faculty's Class of 2019. You all made it! Each one of you has a story to tell about the time you studied here. Some stories are more of joy than anxiety; others, bittersweet. Whatever story you spin, the fact is, you have hurdled formal education successfully.

You have been outstanding representatives of the Faculty and University. I have no doubt that you will continue to serve as worthy ambassadors for the faculty by building upon our reputation for excellence.

The Faculty of Arts and Sciences has been privileged to play a significant role in the success of Somali International University through the years. With our departments representing the sciences, the social sciences, the humanities and the arts, we are SIU largest and most diverse academic unit. Our programs, organized along the lines of each academic discipline, prepare our undergraduates to shine in research and innovation and to succeed as they pursue graduate and professional studies, leadership positions in the workplace, and lifelong learning opportunities.

To the graduates here assembled, to their families and friends, to the teachers who have accompanied them on this path so far: I congratulate you all! We must give thanks to ALLAH SWT for this beautiful day and for the opportunity to share life together as we are doing now—welcoming our graduates into the community of lifelong learners.

We will keep on proud of you! May the ALLAH SWT be with you in all you do!

Abdirahman Adam Weli
Dean, Faculty
of Agricultural
Sciences

Message from the Dean, Faculty of Agriculture Sciences

On behalf of myself and the Somali International University, I would like to congratulate each and every one of you on your great accomplishment!

We're so very proud of all that you've done during your time at the Somali International University, and we wish you the best as you begin this next phase in your life.

Your academic contributions, your dedication to our University institutions and groups, and your desire to continuously learn and innovate have been invaluable to the University, and we are grateful for the legacy that you're leaving behind. As you begin your careers or continue your studies through graduate, we know that you'll be well prepared to lead in your perspective fields and continue to pioneer solutions to the grand challenges facing today's society.

I would also like to give special thanks to the parents, spouses, children and friends of our graduates for their patience, understanding, sacrifices and support - both moral and financial - during these challenging, but rewarding, years at the university. Although your guidance, comfort and encouragement certainly will continue to be sought and appreciated in the years to come, you can rejoice in the gradual return to "normalcy" with no more long nights of studying, get-togethers unattended and trips untaken. Yet, even more so, you can relish the shared feeling of pride in what your graduate has accomplished and the abundant opportunities ahead.

In the coming years, I would ask that you not forget your university, former lecturers, and fellow and future Cougars. I encourage you to not only give back to the university by supporting university activities, programs and scholarships, but also by keeping us updated on the many achievements you will experience in your careers and personal lives. We will always take great pride in your achievements. Although you're graduating, you will always be a member of the SIU family. We encourage you to stay connected with our University, join the Alumni Association, and give back by supporting our programs and scholarships. The continued involvement of our alumni strengthens our University and the SIU community.

We are so fortunate to have forward thinking, dedicated students. I am confident that as you embark on your next adventure, the path you blaze will continue to make our college proud.

We sincerely hope that you've enjoyed your time at carnival, and we cannot wait to see all that you accomplish after graduation.

Congratulations again!
